

Organic Essential Oils:

Organic essential oils are so powerful, you only require 3 – 4 drops, that's because essential oils are 50 – 100 time more concentrated than the plant from which they were taken from

Organic essential oils have great therapeutically benefits (i.e Organic essential oils contain hundreds of identifiable properties, many of which are known to be beneficial to people) e.g Fight cold & flue, reduces headache)

Organic essential oils they are antibacterial, anti fungal and antiviral and our body absorbs them quickly

Organic Dead Sea Salt:

Organic Dead Sea Salts acts as a disinfectant and gently removes harmful environmental particles from your skin

Organic Dead Sea Salts also have been proven to have therapeutic benefits used to treat eczema, acne and Psoriasis

Organic Dead Sea Salts are high in sulfur, and sulfur is a powerful cleanser that has been proven to treat acne effectively

Organic Dead Sea Salts are beneficial as an anti allergic due to its cleansing and detoxifying of the skin

Organic beauty products Vs. Synthetics beauty products:

Natural organic products are 100% biodegradable

60% of the ingredients get absorbed by your skin into your blood stream

My Nature Organic Skin, Body, Hair care are environmentally friendly products free from animal testing, Plantbase ingredients and material are Organically certified by the ACO

Synthetic beauty products are Environmental pollution
